Our Story

[EH-vu-ruts] *Everything Under The Sun*

Exploruts - Your International Personal Shopper

In recent years, more and more people desire to explore niche markets and discover distinctive products from around the world. As an Exploruts member, your mission is to use your expertise to find and purchase these unique items, and then have them shipped to Everuts' warehouse.

We will take care of forwarding the purchased products to our logistics warehouse in Hong Kong and ensure delivery to the customers' hands.

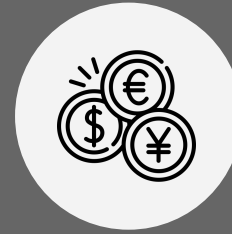

We understand your **Challenges**

Logistical Nightmares

Marketing Promotions

Secure Transaction Systems

Everuts is not only going to make shipping and logistics an easy process, but open the door to more customers.

Why become an Exploruts?

You control your own prices

- You can choose the tasks (orders) you want to complete and purchase only what's familiar.
- When pricing a task, don't forget to include your desired service fee!

Secure and Protected Transactions

- 3D-Secure verified payments.
- Your privacy will be respected and protected, with only your username, avatar, and shopping category being visible.

How does Personal Shopping work?

Customers and Exploruts have equal bargaining power!

① Customer sends in a request

② You can view the request list in the system

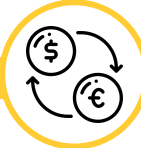

③ Choose the requests you want to complete and send a quote

④ Customers can choose whether to accept the quote and pay

⑤ After receiving the order, you need to purchase and deliver it to the local warehouse / arrange pick up

⑥ After the transaction is done, payment will be transferred to your designated bank account on a monthly basis*

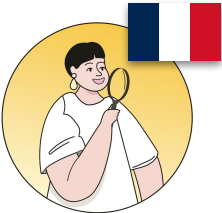

*Please note that since you quote prices in the local currency of your shipping country, if you choose to receive payments in a Hong Kong account, we will convert the amount to Hong Kong dollars based on the exchange rate on the day of the transfer. For example, if you quoted \$100 USD, we will convert the deducted \$95 USD (after fees) to Hong Kong dollars at the exchange rate on the day of the transfer.

Want to take requests in multiple regions?

Whether you're a frequent flyer or familiar with the neighbouring regions, it's easy!

Simply add the countries/regions you want, do note, you can only select one shipping location.

Example 1: Exploruts in France

Exploruts

Being in France, due to the proximity of the countries like Italy and Germany, I can handle requests for nearby countries as well.

All orders will be shipped from France.

A yellow-bordered box containing three flags stacked vertically: Italy (green, white, and red vertical stripes), Germany (black, red, and gold horizontal stripes), and Spain (red, white, and red horizontal stripes with the Spanish coat of arms in the center). A large yellow arrow points from this box towards the Exploruts icon.

Example 2: Exploruts in Hong Kong

Exploruts

Being in Hong Kong and frequently travelling to Japan, Korea, and Thailand, you can handle requests for those three countries as well.

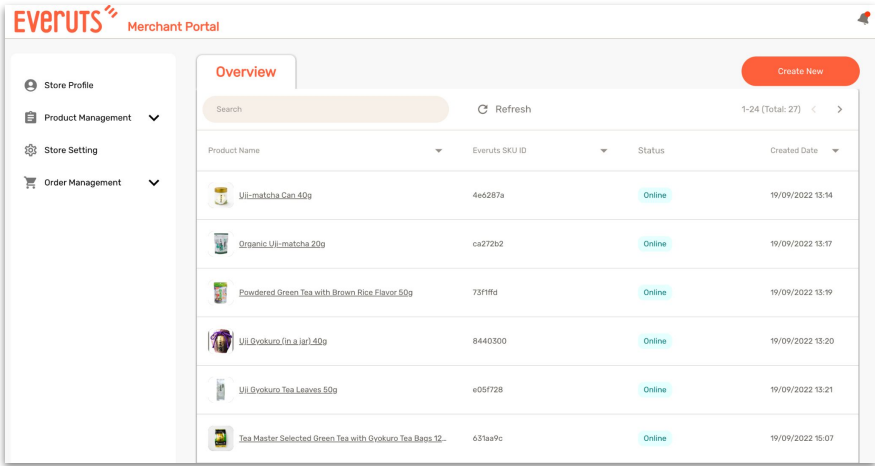

All being shipped from Hong Kong.

A yellow-bordered box containing three flags stacked vertically: Japan (white field with a red circle), Korea (white field with a blue and red Taegeukgi symbol and black trigrams), and Thailand (horizontal stripes of red, white, blue, white, and red). A large yellow arrow points from this box towards the Exploruts icon.

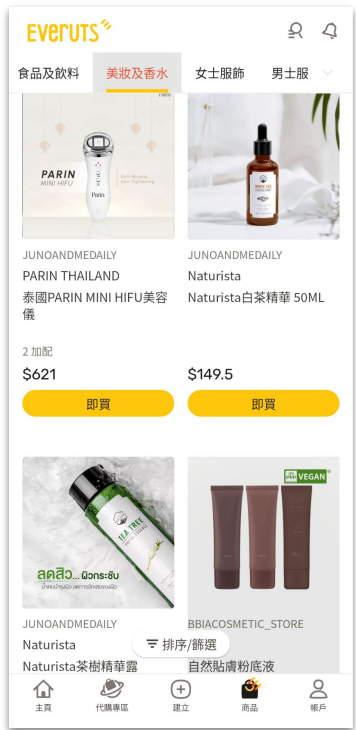

List your product to speed up purchases!

You can also list products you have on hand or from your own brand.

Customers can skip the quotation process and directly make payments to purchase the items you have listed.

Social Experience

We want to make **e-commerce** a **social experience** compared to a **transactional one**.

Consumers can easily meet and connect with life-minded individuals, providing opportunities for mutual learning.

Social features allow you to share exciting discoveries, including new trends, brands, or your favourite products.

For our Exploruts,

We hope you can enjoy this space of fun, and freedom in sharing.

No need to passively wait for requests, you can boost visibility in your own way:

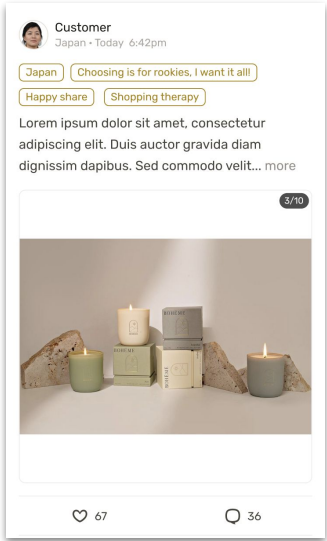

Share your favourite brands / stores.

Share popular trends and interesting things in your area.

While you shop, you can also buy products loved by other users.

Share your favourite brands and products with the world!

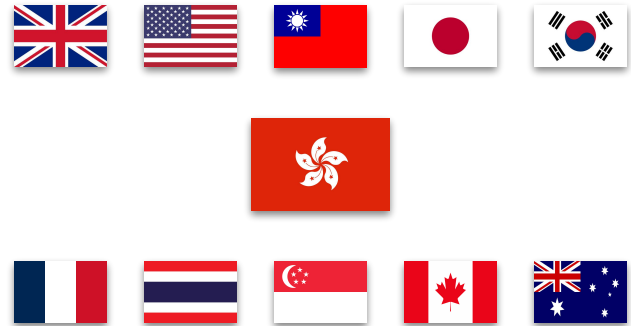

Heading to an outlet mall? Let others know and see if anyone wants to shop together!

Logistics & Delivery

Everuts provides **warehouse** or **doorstop collection** to make international shipping simple and easy.

We have warehouses all over the world, and continuously adding more!

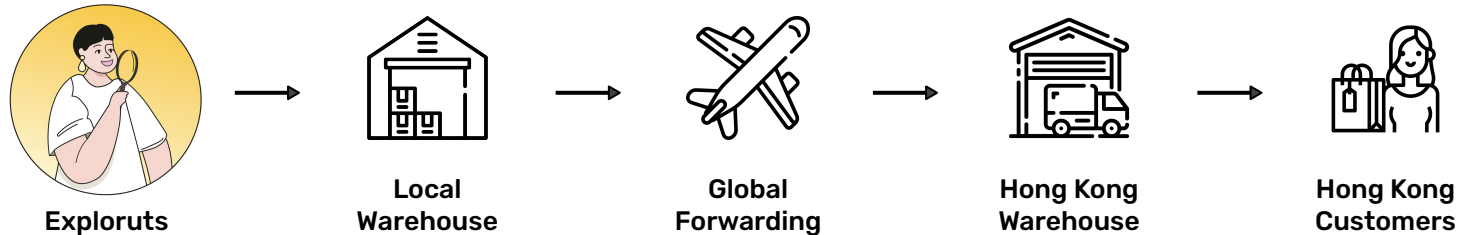

Local Warehouses

(Applicable for: UK, US, Japan, South Korea, and Thailand)

Local warehouses removes the need for hefty shipping costs as well as making customs procedures hassle free!

Our team on the ground will compile orders, ship them to Hong Kong, and there the team will facilitate the deliveries to their new homes.

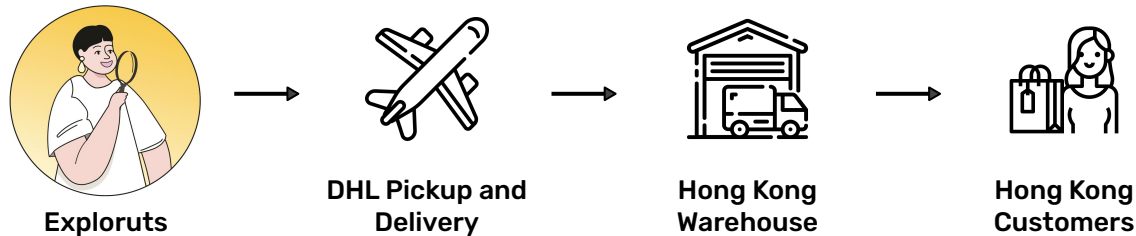

Door-to-door pickup

(Applicable for: non-warehouse Countries)

We provide DHL door-to-door pickup services in areas/countries without a warehouse

Once you've organised your weekly orders, simply schedule a DHL door-to-door pickup, and we'll arrange for the delivery to your customers in Hong Kong. The costs will be split between Everuts and the customer.

Shipping from Hong Kong

(Applicable for: Hong Kong)

**If you're based in Hong Kong,
you can ship the good straight to the HK warehouse.**

Hong Kong shipping is only applicable to sellers who are based in Hong Kong. You just need to send the orders to our warehouse in Tuen Mun, and we will arrange the delivery to the customers' hands.

Settlements & Handling Fees

Fluctuating exchange rates and unsecured transactions can make cross-border transfers complicated

We offer a reliable and security payment system to provide you with a worry-free cross-border selling experience.

Our platform fee is 5%, and we will charge 5% of the quoted or listed price as our handling fee.

During settlement, we will directly transfer the amount after deducting the handling fee to your specified bank account. Exploruts can choose to receive the remittance in a local bank account or a Hong Kong bank account.

How to Register

Before registering, please read the following instructions carefully:

- If you are a travelling personal shopper based in Hong Kong, please select **“Hong Kong”** as the country/region for sending orders.
- After completing your registration, please login to merchant portal to submit your identity and bank proofs to ensure a successful remittance.
- **All Everuts transactions must be carried out using our designated payment and logistics methods. If any transaction is taken out of the platform, we have the right to terminate your account immediately.**

You will receive a confirmation email from us after registration. Please make sure that the email address you entered is correct and that you are able to receive emails from Everuts.
